

Aşağıdaki yayınlar, Formaldehit'in beyin, kalp, testis ve akciğer dokuları üzerine etkilerini immunohistokimyasal, biyokimyasal, histolojik ve eser element saptama yöntemleriyle stereolojik veya semikantitatif metotlarla değerlendirilerek incelendiği çalışmalarımızı içermektedir. Çalışmalarımız devam etmektedir. Arz ederiz.

Dr. Özen, Dr. Songur
